Dear Brad,

I want to thank you for your support of our event last Saturday at Quantico MCB. It means much to me, and especially our wounded heroes. As per our conversation, I am requesting an ample supply of your samples to hand out at our next M-1 for Vet's match, June 10<sup>th</sup>. You suggested sending some full size products for the prizes as well. YES, that is a great idea. If possible, perhaps you could include some of the grease as well. My rifle builder Dan has just been using WWII surplus stuff for rebuilding rifles, and I know the Militec-1 grease is much superior.

It was really terrific chatting with you Saturday. To know that there are some Americans that are truly patriotic makes me have faith in the USA. I am so sick of bull-s\*%t, that when I meet someone like you, I regain more faith in humanity. Thanks again,

Best regards,
